NOW REPORT AVAILABLE SAME DAY

||श्री||

Respected Sir,

We take this opportunity to express our deep gratitude for your kind support over all these years. With your valuable good wishes, guidance, and support, we have been able to develop our specialized testing services at par with international standards. Today, we have achieved global recognition, which would not have been possible without your constant support.

Shri Krishna Pathology and Elisa Laboratory is the only lab in Sumerpur/Shoeganj that conducts so many tests under one roof. In fact, these specific tests are not available anywhere else between Jaipur and Ahmedabad.

Following is the list of available tests and the advanced equipment at our laboratory.

FACILITIES

- Advanced and fully automated technology in Hematology, Biochemistry, Immunoassay first time in WESTERN RAJASTHAN
- For specialized testing, we have multiple fully automated devices that are unavailable in Udaipur and Jodhpur.
- We possess with LIS system (interface transfer result) and barcode system so less chances of human error. (Totaly instrument is having LIS System.)
- We participate in External Quality Control programmes EQAS(BIORAD)
- We double check critical values with re-run before reporting.
- When in doubt, we repeat tests, at no extra cost.
- We have defined Turn around Time (TAT) for every test and insist that they are followed.
- We follow “first in first out” and “stat” policy to ensure timely & unbiased reporting.
- We send SMS Alerts to the patient when the report is ready.
- Online reporting facility for tech savvy patients.
- Shri Krishna Pathology & Elisa Laboratory (SKPL) is one of most every parameter used quality control Accredited laboratory in WESTERN RAJASTHAN
